Experts in Financial Modeling Now Online

Since 2002, Marquee has trained thousands of professionals globally at financial institutions, corporations, professional organizations and universities.

Our core modeling, valuation, Excel, and data sciences courses are standard training at **numerous major banks and business schools.**

Our participants acquire the skills, insights and confidence to build **flexible, accurate and powerful financial models.**

Our in-person courses are now online **anywhere you are connected:**

FINANCIAL MODELING:

Marquee's flagship course on building a financial model of a company.

THE BOOKMARG:

Finance answers at your fingertips.

Benefits of Learning Online

CONVENIENCE

Train whenever it best fits your schedule with 24/7 access

COMPREHENSION

Complete courses at your own pace with your own individual learning goals in mind

FLEXIBILITY

Access courses from anywhere in the world at any time

Who Can Benefit

EXECUTIVES

Our high ROI training programs deliver immediate improvements in modeling practices, common model usage and decision making support. Your teams will be more efficient and build stronger tools to grow your business.

MANAGERS

Create a common team approach to modeling that greatly increases transferability of knowledge and tools. Enhanced error-checking, best-practices and modeling efficiency mean more time for decision making and communication.

STUDENTS

Excel and modeling are ubiquitous skills required by employers worldwide. Build practical, job ready skills in areas such as Excel, financial modeling and valuation.

BUSINESS DEVELOPMENT PROFESSIONALS

BD & M&A professionals require models that combine forecasting, valuation and flexibility. Build advanced, powerful valuation tools that will enhance the power and speed of your analysis.

FINANCE PROFESSIONALS

Combine the practical experience of our teaching principals with foundational skills in accounting, valuation and model design & implementation. Our leading position in training in financial institutions keeps us at the forefront of training and coaching for high performance financial professionals.

The Bookmarq

Finance answers at your fingertips

All your questions answered in an easy to navigate wiki

About The Bookmarq

The Bookmarq is an **interactive, online financial resource** of more than 100 articles on various topics in accounting and finance that have been written with investment banking professionals specifically in mind. This tool has been designed to **support capital markets professionals** who create comparables analysis and build financial models. The Bookmarq is meant to become a **dynamic repository** of critical and complex financial topics that can be **accessed anytime from anywhere**. The Bookmarq was authored and designed by **The Marquee Group**, one of the leading financial training firms in North America and the co-founder of the **Financial Modeling Institute**.

The Bookmarq Difference

Designed by training professionals with deep capital markets experience, The Bookmarq provides unique benefits to learners:

EXPERT KNOWLEDGE

Includes detailed accounting and finance articles and draws on Marquee's teaching experience at leading financial institutions

SHARED BEST PRACTICES & EFFICIENCY

Rapid access to key financial search topics from a single repository

PROFESSIONAL DEVELOPMENT & CONFIDENCE

Offers new analysts and associates a convenient refresher on core financial concepts that are required early in their careers, especially since knowledge acquired during intake training may not be used immediately and can take time to absorb

ONBOARDING

Allows new hires to frequently review the materials in order to speed up their acquisition of key knowledge and to learn best practices

CURATION

Incorporates updated content as rules and trends change, ensuring learners stay abreast of those changes and subsequent impact on clients
